Coleman Sports Day, July 1st; Carnival Nights July 1st, 2nd, 3rd

Red Cross Demonstration Very Successful.

The Red Cross Demonstration held in Coleman last Sunday afternoon proved highly successful both from an educational viewpoint and a financial one. The procession was formed up outside the Town Hall at 2:30 p.m. in the following order:

Town Band.
Union Jack and Coleman's Honor Flag, carried by members of the G. W. V. A., flanked by Red Cross flags carried by No. 1 and 2 Troops Coleman Boy Scouts.

Great War Veterans.
West Coleman Junior Red Cross Society, dressed as Red Cross Nurses in charge of Miss Yntil.

Nos. 1 and 2 Troops Boy Scouts, headed by colors.

Cubs.
Children of Coleman School, Mr. Powell in charge.

Coleman Pipe Band, headed by Master Roughhead in Highland costume and carrying the Scottish pennant.

Eastern Star Lodge.
Masonic Lodge.

Loyal Orange B. A.

Loyal Orange Lodge.

L. O. D. E., Blairmore Branch.

Slovak Society.

The Misses Bell, Hancock and Antrobus, in pretty Red Cross uniforms, collected among the people en route. On arrival at the Park the service took place as follows:—

"O Canada."

The Mayor urged all citizens to support the Red Cross. Coleman had done nobly during the war for this cause, and there was a need of the support of everybody for the peace time program of this society.

Hymn, "All People That On Earth Do Dwell."

Rev. J. Laurence Nobis briefly introduced the general subject of "The Red Cross."

Hymn, "O God Our Help In Ages Past."

Rev. Father McCormick spoke of the work that has been done by the Red Cross internationally in defeating disease and educating the young in the principles of health which make for real happiness.

Hymn, "Son Of My Soul."

Rev. D. K. Allan said that the Red Cross in Alberta was doing a wonderful work in scattered settlements, and also that during the "flu" epidemic and times of unemployment in The Pass, it had helped many needy cases, irrespective of race, class or religion.

Capt. Cecil Millay of the Salvation Army, read the lesson.

"God Save The King."

At the conclusion of the service the Town Band rendered a pleasing program of music.

The unqualified success of the affair is largely due to the energetic work done by the Rev. H. Laurence Nobis, ably assisted by the officers of the local Red Cross Society.

Over \$80.00 was collected on Sunday. A complete financial report of all monies collected and disbursed, will appear in next week's Journal.

Entries for C.N.P. Tennis Tournament Close Tonight

Entries close tonight for the event in the Crow's Nest Pass Lawn Tennis Association Tournament which commences on the Coleman courts on Thursday, July 1st.

This tournament is the premier tennis event of the season, and entries from the leading tennis players of The Pass have been received.

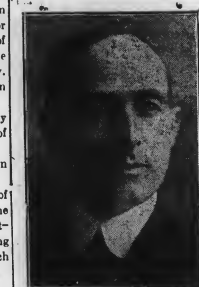

COLEMAN'S THREE GLORIOUS DAYS OF MIRTH, MERRIMENT, MUSIC—JULY 1st, 2nd, 3rd Retiring Pastor and Wife, "Watched"

Three Days of Fun, Frolic and Fracas Every Night In The Big Arena On The Largest And Best Floor In The Pass!

Above is a picture of the Famous Ladies Imperial Orchestra, of Calgary, who have been engaged to play each and every night at the Carnival in the Arena at Coleman July 1, 2 and 3

Arthur M. Densmore, Liberal Candidate, Makes Important Pronouncement.

I Stand For, and Will Endeavor to Have Enacted Into Law, If Elected:

Co-operating Federal and Provincial Old Age Pensions.

The establishment of a Department of Mines for Alberta, in order that there may be consolidation, coordination, and unified control of the now scattered activities of government effort.

The supporting of the Department of Mines with a strong Marketing Policy, that we may regain the Prairie market and capture new markets.

The mining industry is second only to agriculture in this province, and is entitled to receive more encouragement and assistance from the provincial government.

ARTHUR M. DENSMORE

A farewell tea was given by the Salvation Army Home League No. 3 in honor of Mrs. T. Badham, who is leaving Edmonton to join her husband, Mr. Thomas Badham, at Bryan Mine. Mrs. Badham was presented with a beautiful table cover, hand embroidered with deep crocheted lace edge, as a token of regard for her faithful service while a member of the League. Mrs. Badham and daughter will be greatly missed here.—Edmonton news item.

A.C.N.P. First Aid Assoc. Grateful For Support Given

Below will be found the amount of the net proceeds resulting from the draw in aid of the Alberta Crow's Nest Pass First Aid Association, recently staged by the committee at Blairmore, Bellevue and Hillcrest, and also the money raised by the committee of this organization in Coleman:—

Net proceeds from draw	\$290.89
Dance held in Coleman	521.97
Mr. O. E. S. Whiteside, Coleman, donation,	50.00
	<u>\$862.86</u>

Besides the above funds a beautiful silver cup, to be given to the winners of the Senior Competition, has been donated by Mr. George Kellock, of Coleman.

Mr. Moses Johnson, chairman of the District committee, desires to extend the thanks of the Association to Messrs. Geo. Kellock and O. E. S. Whiteside for their generous help in this work, as well as to all those who in any way contributed to its success.

Funeral of Well Known Coleman Girl Held in Vancouver

Word was received in Coleman this week that the funeral of the late Mary Nicol, who died on Sunday, June 13th, daughter of Mr. and Mrs. J. C. Cox, of Coleman, was held on Thursday, June 17th, in Vancouver, interment taking place in the Ocean View Cemetery. The pall bearers were: Mr. J. Johnston, Capt. Swank, Mr. H. W. Cox and Mr. W. Cox.

Amongst the many beautiful floral tributes sent were those from Mr. Nicol, Mr. and Mrs. J. C. Cox, Mr. and Mrs. H. W. Cox, Capt. and Mrs. Swank, Mr. and Mrs. Edgar, Mr. and Mrs. J. Johnston and Mr. and Mrs. George Thompson.

A number of former Coleman residents, now residing at the Coast, attended the funeral.

This Week The Final Crash At Quimette's Close Out Sale

Friday morning of last week witnessed another record breaking—glass smashing—crowd at the Quimette Close Out Sale.

Long before the opening hour the crowd gathered in front of the store and when the doors were opened, so eager were the people to get in after the bargains, that one of the main entrance doors was carried off its hinges and the glass smashed to atoms. This is indeed a most remarkable incident when it is remembered that this sale has now been in progress for nearly 30 days, and undoubtedly proves that real bargains are being offered to the buying public.

This week The Journal Job Dept. has printed still another full sheet poster announcing that the sale ends on Saturday night of this week, and offering the final slash in prices on hundreds of articles. Read the poster carefully and remember you will not have another chance if you fail to attend this week, as the doors close Saturday night, June 26th and the sale is ended.

Look, Boys and Girls!

If you get up early on Thursday morning, July 1st, (Dominion Day) and get to Central School not later than 9:15, you will receive a flag and 20c from the Coleman Elks. After listening to a short talk on what our flag stands for you will march in the big parade with two bands, the Boy Scouts, etc., and have a whale of a time when you get to the sports grounds. Are you going to be at the school on time? Well, let's go! This invitation is extended to every boy and girl in town able to walk.

For fishing out of season, a young Coleman lad was fined by Magistrate Graham last week. Inspector Holmes of the Fisheries Dept. prosecuted the case. This should be a warning to all local anglers to fish within the law.

Scouts of both Troops were much in evidence at the Red Cross demonstration on Sunday last. It was also remarked that they made practical use of their staffs.

The Crusader Troop were hosts to the St. Ann's boys of Blairmore on the local baseball diamond on Thursday and returned the compliment which they received at Blairmore by defeating the visitors by 10-2.

All the boys of the Crusader Troop will receive their Tenderfoot badges at the weekly meeting on Thursday evening. Quite a number will also receive their Second Class badges shortly.

It was hoped to have a team from each troop entered for the First Aid Competition on July 1st, but lack of time and difficulty in getting instructors regularly made this impossible this year. We hope for better things next time.

Tuxis Boys to Sell Badges at Coleman's Big Sports Day

The Tuxis Boys, under the direction of Messrs. W. F. Watts, H. C. McBurney, and E. F. Gare, will be in charge of selling all badges admitting people to the grounds at the Coleman Sports on July 1st. The badges sell for 50c and are neatly gotten up on silk ribbon and every adult is asked to wear a badge and retain it as a souvenir.

The Tuxis Boys are to receive a small commission for this work, and the co-operation of all good sports is requested in making it easy for the boys to sell as many as possible.

St. Paul's United Church, Coleman, held a noteworthy gathering on Tuesday evening, when members, adherents and friends gathered together for the purpose of publicly recognizing, and in a tangible way, rewarding the ten years of service given to the church and community by the retiring pastor, Rev. D. K. Allan and Mrs. Allan.

Mr. Edward Holmes fulfilled the duties of chairman in a very efficient and pleasing manner, and called upon the following gentlemen, as representing the various elements of the town, for a few words:—Messrs. O. E. S. Whiteside, James Scott, A. Beck, W. J. Burns and Rev. H. Laurence Nobis, all of whom paid glowing tributes to the worth of the retiring pastor and his helpmate.

Mrs. F. J. Doukin contributed a very pleasing vocal solo, while Mr. Sidney White was also heard to advantage in his violin selections.

During the course of the evening the chairman called Mr. and Mrs. Allan to the platform, and Mr. J. Fairhurst and Miss Agnes O'Dell in neat, appropriate speeches, presented each with a gold watch. The recipients, although visibly affected, suitably voiced their appreciation for the kind sentiments expressed on this occasion by their many good friends in Coleman.

A social half hour followed when all present enjoyed refreshments.

Mark Your Ballot 1, 2, 3, Don't Plump, Don't Mark X

All opinions expressed by government supporters, and others, advocate the voting of the entire ticket in the provincial elections on Monday next, when the transferrable ballot comes into use.

In this electoral district, with only three names on the ballot, there is really every reason why every ballot should be completed by voting "first," "second," and "third" choices. There will be many less ballots spoiled by voting 1, 2, 3, as the elimination of the X will confuse some of those who would plump.

Take your time in marking your ballot; exercise your franchise to the fullest extent by marking ALL your choices. In bringing in this system of balloting, you are being given a new democratic feature. Use it to the fullest possible extent.

Coleman Cubs Win Home Game in C. N. P. B. League

A good crowd was out Monday evening to see the baseball game between Blairmore Tuxis team and the Coleman Cubs in a Crow's Nest Pass Baseball League fixture, and everybody went home satisfied that Coleman has a real snappy ball team. The score was 28-1 in favor of the Cubs. The Tuxis boys were handicapped owing to their regular pitcher being out of the game on account of a strained arm.

This week The Journal received a communication addressed to the editor for publication, signed by "An Old Timer." If the writer will call at The Journal Office and sign his name to the letter it will be published in an early issue, but we cannot publish communications signed with a pen name.

Conservative Principles Are Restated by the Conservative Leader

A. A. McGillivray Sets Forth in Plain Language What the Provincial Conservative Party Stands for in Coming General Election.

Co-Operative Marketing Extension is Advocated

Proportion of Money Expended on Roads to Go Toward the Maintenance of Country Roads as Well as Main Highways—Encourage the Inflow of Capital and Immigration to Supplement Efforts of the Dominion Government.

SPEAKING at Rockyford on Thursday afternoon, June 18th, in support of Hugh Miller, Conservative candidate in the Gleichen riding, A. A. McGillivray, leader of the provincial Conservative party, reiterated the items in the policy of the party that he has stated from different platforms in Alberta since being elected leader in August, 1925.

In his usual fighting style, Mr. McGillivray reviewed the record of the old Liberal administrations and the record of the present government. Summing up his appeal to the electorate following the declaration of political principles, Mr. McGillivray said the Liberal party cannot go back into power and its record cannot be hidden under the cloak of one new chance.

Give Them Chance

The present government has failed to cope with public questions, the chief of which are redistribution, the northern railways, natural resources and the finance problem that it has had to face, then why not give the provincial Conservative party a chance to demonstrate what it can do? Mr. McGillivray left here at 8 p.m. for Oyen and other points in Acadia riding.

In reiterating points in the Conservative policy that have been unheeded by him from many platforms since he took the leadership of the party in August, 1925, Mr. McGillivray said: "I have not gone in for the form of political advertising that is known as the manifesto. I observe that the Liberal leader leaned toward them in 1921. He issued one which commenced as follows: 'True representative government to replace the party system. Independent candidate in West Calgary outdoes constructive proposals for the establishment of a democratic government freed from partisanship and partyism. Proportionate representation truly reflects popular will. Patronage system which is vital to the maintenance of party system, and is today a national scandal, will disappear under the reformed method of election.'"

"In so much as the new manifesto of the Liberal government commenced as follows: 'Liberal manifesto—J. F. Shaw, Liberal leader, issues statement of party policy, and in so much as this latest manifesto by Mr. Shaw, in so far as it does not consist of copy-book platitudes and glittering generalities, in part taken from the pronouncements of the Conservative party, it may be well for me to restate the position of the provincial Conservative party upon some of the provincial issues, a position taken and given public expression to on the platform of this country at times when Mr. Shaw was still an Independent."

Conservative Platform

"The provincial Conservative party stands for the following:

- "1. Redistribution whereby the number of constituencies will be reduced so that there will not be more than 45 members in the legislature. This reduction to be made having due regard both to population and to the sparsely settled areas.
- "2. Reduction in the amount paid as seasonal indemnities of members by \$500.
- "3. A determined effort to make of the United Farmers of Alberta organization something more than a mere political machine and to advance its development along social and economic lines.
- "4. The encouragement of co-operative marketing. Even as supporters of the Conservative party brought Sapro to Alberta without thought of political advantage, so will the Conservative party support any movement for the benefit of the farmers, without seeking political glorification.

Money for Roads

"5. A fair proportion of the money expended on roads being

(Issued by Provincial Conservative Association)

Personal and Local

The Cabinet Cigar and Barber Shop this week installed a shoe shine chair for the convenience of patrons.

Mr. and Mrs. J. C. Cox, who were called to Vancouver owing to the serious illness and subsequent death of their daughter, Mary, are expected to arrive back in Coleman on Thursday of this week.

Mr. and Mrs. A. E. Liddle and children of Oxnard, Cal., who have been the guests of Mr. and Mrs. J. Emmerson for the past week, left Wednesday by car on their way to Winnipeg, where they will visit before returning to the States.

There was a fair turnout of Rod & Gun Club members at the traps on Wednesday afternoon, and some very good scores were made at breaking the clay pigeons.

Mrs. Wm. Fraser, G.R. Street, has as her guests, Mr. and Mrs. John Gray, of Westville, N.S., who arrived Wednesday of this week.

Mrs. Gray is a sister of Mrs. Fraser. They expect to spend a couple of months in the West and will visit coastal cities before returning to their home in Nova Scotia.

Rev. D. K. Allan, Mrs. Allan and family, expect to leave by motor on Monday next for their new home at Westlock.

According to reliable information reaching The Journal, it is quite possible that the fish hatchery, originally planned to be erected at Waterton Lakes by the Dominion government, may be located just a little west of Coleman. Officials of the Dept. of Fisheries, Ottawa, were in Coleman last week and inspected several sites which they found very suitable for a plant of this nature.

Arthur M. Denamore, Liberal candidate, has opened up campaign headquarters in Coleman in the store formerly occupied by the Unsworth grocery on Main Street. A hearty invitation is extended to all his friends and supporters to visit these quarters.

Mrs. Walter Bosworth entertained at bridge Saturday evening last in honor of Mr. and Mrs. A. E. Liddle. The honors were carried off by Mrs. C. S. Oumette, Mrs. T. Flynn, Mr. H. C. McBurney and Mr. C. Graham.

WORLD HAPPENINGS
BRIEFLY TOLD

Revenue of Temperance Council of Christian Churches in England and Wales subject to taxation under a decision rendered by the King's Bench division.

A world survey showing that about 30,400 persons were killed and \$85,900 insured in automobile accidents last year, is made public by the American Road Building Association.

The woman of today wears fewer clothes on the street than her grandmother was to bed, says Senator Norris, of Nebraska, during a discussion in the senate.

M. Bronsky, a member of the finance ministry, says that as an outgrowth of extraordinary measures taken by the Soviet Government, the chevron, the new Russian gold unit of value, has now been definitely stabilized.

General strikes which would involve the violation of wage agreements were condemned by William Green, president of the American Federation of Labor, in an address before the convention of the Rotary International at Denver.

The British Trades Union Council, through its acting secretary, Walter M. Clinton, decried that the Russian Soviet Government has sent funds to British strikers, and brands reports of such remittances as misrepresentations threatening to "endanger relations between Great Britain and the Soviet."

Citizens of Victoria

Most Heavily Taxed

Statistics Show All Western Cities

Bearing Highest Tax Burden

With a per capita tax of \$122.33, Victoria, B.C., is the most heavily taxed city in the Dominion, while Charleston, S.C., with a tax per head of \$58.30 occupies the enviable position of being at the bottom of the list of 17 cities, according to statistics issued by the Canadian Research Institute.

Montreal, the largest city in Canada, has a comparatively low tax burden, with \$58.43 per capita, Toronto is eighth in the list of 17, with a per capita assessment of \$106.83, and Vancouver is taxed at the rate of \$120 per head.

The western cities are bearing the highest tax burden, it is stated in the report.

"The data from which the statistics were compiled were based on municipal, provincial and federal taxation figures. The report states that the statistics that per capita costs are not an infallible guide in judging the efficiency or inefficiency of various governments, and that their main value is the indication of the trend of costs, problems in municipal administration, and, naturally, also costs of solving problems arising.

Tailless Flyer Is Latest Invention

Impossible For It To Get Out Of Control

A description of an aeroplane which will not, through any error on the part of the pilot, get out of control in the air has been given by the Royal Aeronautical Society at the Royal Society of Arts, John Street, W.C., England, by the inventor, Capt. G. T. R. Hill, a British air pilot.

The machine is a tailless structure, with a swept-back blade in the wing, which air-brakes which sweep it back and enable it to alight in a small area, and will fly steadily even when the pilot has let go all the controls.

Smaller Engines Coming

Will Reduce Production Cost of Trucks and Pleasure Cars

Smaller engines, normally strong enough to run a motor car only on a level, but maintained by a supercharger powerful enough to lift it up the steepest hill, will soon be used generally on automobiles, according to G. R. Short, of General Motors. Such engines, he says, have been used successfully on aeroplanes and racing automobiles, and should be practicable in reducing the production cost of trucks and pleasure cars. Popular Science Monthly.

France Holds Different View

France retained her contention that land, naval and air armaments cannot be treated separately in an effort to bring about any degree of disarmament. "This is not the whole of the difference between the British and United States thesis that they can be studied separately.

Pullman Porter—Brush, '30, off, ash?

Old Gent—No, I'll get off in the usual way.

W. N. U. 1624

More Land Buyers From U. S.

Canadian National Railway Bring In Settlers of Desirable Type

Twenty-two prospective land buyers and home seekers from Omaha, Nebraska, arrived in Winnipeg recently enroute to Eston, Sask. These men are all successful farmers and stock raisers and the total combined capital which they are prepared to invest in Western Canada, if conditions are to their liking, represents a very considerable sum. The party is one of a number which have been brought to Canada by the Canadian National Railway colonization and land settlement department during the year, and they represent the type of agriculturist who has long been a source of experience under conditions similar to those obtaining in the section where they contemplate settling and who, in addition, has sufficient capital to combine farming of an intensive character.

At the present time the National system is the only organization seeking to attract this desirable type of settler from the United States by means of personally conducted tours which permit the prospective buyer to see for himself what the country has to offer. The success of the plan is evident from the fact that the last party of 24 farmers to Eston last month, seventy-five per cent, have already purchased land in that territory and have either moved there with their families and equipment or are preparing to do so.

For the present efforts are being concentrated largely upon Central Saskatchewan, where conditions resemble more closely those with which these United States farmers have been acquainted and it is believed that before the end of the year a large number of experienced middle farmers with their families will have entered this district from the United States.

More Friendly To British

People of United States Adopt Friendlier Attitude of Late

A friendlier sentiment towards the British is being generally adopted in the United States in general and Great Britain in particular has developed in the United States during the past few years, Sir James Elder told a gathering of Canadian parliamentarians at Ottawa. Sir James was entertained at a private luncheon in the speaker's chambers on the occasion of his retirement from the post of Australian trade commissioner to the United States.

"Many cherished a sentiment not altogether favorable to the empire when I first came to the States," said Sir James. "Now Britain and the dominions stands in a much more favorable light in this country." He believed this was mainly because of the changing of the British debt, the creating of the Irish Free State and the help which Britain has given in the re-establishing of Germany.

Sir James reiterated his opinion, often expressed before, that the appointment of Australian trade commissioner to Canada would greatly benefit both dominions.

Will Make Aeroplane Noiseless

French Guarding Secret of Silent Propeller Just Invented

French military aviation authorities are guarding with the closest secrecy the new invention of a silent aeroplane propeller enabling noiseless long bombing raids. If this proves successful anti-aircraft artillery will be unable to find a target at the tremendous speed of the propeller blades flying above the reach of the most powerful searchlights.

Heretofore anti-aircraft fire was directed by microphones detecting the sound of the propellers and actuating the range finders and directors. From the new air screw is metal made from a solid forging. The exact reason for its silence is not divulged, but it is believed to be due to the absence of lip blades and the long leading edges of the propeller blades which knife-like sharpness enables them to cut the air with the least possible disturbance.

With the propellers' whirled, the manufacturers can make the motors like an automobile engine and produce a real noiseless machine.

Prince Enjoyed Game

Played Golf in Pouring Rain Under Shelter of Umbrella

Under the shelter of a big red umbrella, the Prince of Wales played golf in a pouring rain at Sandwich, and apparently enjoyed it, as he was playing a three-ball match with his quarry and a friend. "At the fourteenth green it was raining harder than ever, and one of the Prince's opponents asked if it were good enough.

"I rather like it," replied the Prince. "Let's carry on." So they completed the round.

Living by one's wits has been recommended as an anti-flood remedy.

"IDEAL" fashions—2
For the Home

1091

One-piece Frock With a Two-piece Look

Jean Patou, in his recent showing, has returned to the type of yearable one-piece sport clothes for which he is best known; many of them have a high collar, but all with bodices straight and comfortably loose, and having the waistline around the top of the hips. This type of dress seen in the model presented here, whose box-pleated skirt-front is joined to the bodice under a deep tuck. Note the back view shows a flat silhouette. There are gathers at the shoulders, and the collar is of the convertible type, to be worn high or turned back. No 1091 is for misses and small women, and is in sizes 16, 18, and 20 years, or 34, 36 and 38 inches bust material. Size 18 years (36 bust) requires 4½ yds. 36-inch for dress of plain material; or 3 yards wide bordered material for dress as illustrated. Price 30 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10-cents the copy.

Canada's Valuable New Industry

Eastern Canada's pulpwood resources are furnishing nearly all the raw material for the manufacture of rayon, a commodity which is gradually replacing genuine silk on the market, according to Dr. W. Hale Clarke, who spoke to a large audience on "rayon" in Montreal, under the auspices of the Canadian Chemists' Convention.

Rayon is made entirely of wood pulp, the Canadian spruce tree being the favorite for the purpose, said the speaker. At present nearly all the manufacturing is done in the States and Europe, though there are two factories in Canada, one of which is in Quebec.

The most modern machinery is used, and nearly everything is done automatically. The total rayon production for the last year amounted to a hundred and eighty-five million dollars.

Erect Big Flour Mill

Spillers Overseas, Limited, Will Have Large Plant At Calgary

It is stated that plans of Spillers Overseas, Limited, for the completion of their big mill at Calgary, are so far advanced that the contracts have been let to an English company for the equipment. The foundations and about two storeys have been finished and eight more storeys are to be built. The project, when ready for operation, will represent an outlay of from \$700,000 to \$5,000,000.

L. J. Cobus, Milwaukee, Wis., is the inventor of a device to keep a motorist's hands warm in cold weather. The heater is in the steering post and wheel and comes from the exhaust pipe.

Clemenceaux Rhums Preference

M. Clemenceaux, former premier of France, has made arrangements so that France will not know of his death until he has been buried a fortnight.

SUNDAY SCHOOL LESSON
JUNE 27

REVIEW: WHAT WE HAVE LEARNED FROM THE BOOK OF GENESIS

Golden Text: We know that to them that Love God all things work together for good, even to them that are called according to his purpose. Romans 8:28.

Devotional Reading: Hebrews 11:22

Rev. W. H. Bennett, in his Introduction to the Book of Genesis in The New Century Bible, gives the following excellent survey of the permanent messages of Genesis:

"The Patriarchs appeal to us, interest and help us, because they are types of classes of men; their adventures were not unfamiliar experiences in the ancient east, and they still stand as vivid pictures and symbols of crisis in human life today. There have been—and are still—many Abrahams who have gone out, not knowing whither they went, in obedience to some dictate of conscience, to some prospect of spiritual advantage, rightly interpreted as the call of God; many Jacobs, who have, so to speak, stumbled into the Divine Presence, when their only thought was of weakness, folly and sin; many Josephs, too, who have found in familiarizing the appointed path to a honorable service. Such vicissitudes of fortune or of conduct are not far from any of us, and we are all encouraged by the possibilities of grace suggested by these ancient stories. It is the human, representative character of these narratives which have preserved them, and procured for them a place in Scripture. Many generations feel that they expressed real experiences, and therefore handed them on as their own testimony also to the righteousness and love of God."

More Preventable Than Curable

Some Conditions People Should Watch To Prevent Cancer

The Toronto cancer research investigators, led by Dr. George A. Soper, managing director of the American Society for the Control of Cancer, is to believe that the disease is more often curable than curable. More accurate diagnosis in early stages of the disease has been accredited as one of the most outstanding advances in cancer research.

"One should beware," he added, "of the broken tooth or denture which continually irritates the gums, cheek or tongue; of the spectacles which make the head sore behind the ear, on the temples or nose; of any sore which will not heal; of the mole or wart which changes in color, size or appearance; of indigestion which will not stop and cannot be explained; of any unusual and unnatural discharge from any part of the body and of any lump which does not go away."

"When any one of these conditions occur, you should go at once to a capable doctor and do what he advises."—New Report from Atlantic City.

Lost In The Jungle

Explorer Returns From Expedition to the Amazon After Many Adventures

Dr. W. M. McGovern, the explorer, has just returned from an expedition to the Amazon and Andes. For many months he has been missing, and it was generally thought that he had been killed. He was indeed lost for some time in the jungle and twice was attacked by hostile Indian tribes, but won his way through, after making remarkable discoveries. One of McGovern's companions was drowned in a canoe accident, and the explorer was at death's door for some weeks with a strange jungle malarial. The whole party was greatly troubled by vampire bats and other poisonous animals and insects.

Fire Brick Clay

Important Discovery Is Made At Williams Lake, B.C.

Development is expected to follow the discovery of hard clay near Williams Lake, B.C. Already several shipments have been sent to Vancouver for tests and have been found to be comparable with the best clays on the market. The clay will withstand 2,200 degrees of heat and is highly acid-resistant. At the present time there are more than fifty industrial plants in this province using British Columbia fire clays for furnace linings, and it is also used in the manufacture of crucibles, insulating materials and pottery.

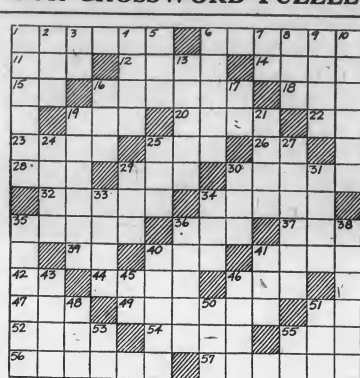

Develop Platinum Claims

Plans for the development of platinum claims in the northern part of Alberta involve the use of aeroplanes. One of these planes has already arrived in Edmonton and is being put into shape by those interested in the development of these claims.

Wife (tearfully)—"You've broken the promise you made me."

Husband—"Never mind, my dear. Don't cry. I'll make you another."

Chinese Praises Work

Of Lord Willingdon

Has Done Much to Cement Friendship With British Empire

Official

Unlimited praise for Lord Willingdon's work as chairman of the recent Boxer Indemnity Commission by the Chinese Government at Vancouver by C. C. Wang, a high official of the Chinese Government, who arrived on the Empress of Russia.

Mr. Wang was enroute to London for a conference with the Chinese legation.

"While it is true to say," said Mr. Wang, "that political disturbances are still disrupting China, it is equally true to say that Lord Willingdon has done more than any other man in recent years in China to cement the old friendship between that country and Great Britain. From the start of his work on the commission the Chinese people implicitly trusted his lordship. They regarded him as a democrat, a man of great breadth of mind and a gentleman of culture. Such a combination undoubtedly appealed to the people of China, a country with more than 2,000 years of civilization behind it. You in Canada are indeed fortunate to have him as your next governor-general," concluded Mr. Wang.

To Show Surplus

Manitoba Government Will Have Balance on Right Side of Ledger

A surplus amounting to \$350,000 will be shown by the Manitoba Government for the fiscal year which ended April 30 last, according to reports obtained in government circles.

In his estimates, Premier Bracken, as provincial treasurer, anticipated a deficit of about \$145,000.

The favorable balance is attributed to under-expenditure for certain appropriations and to unexpected returns from certain sources of revenue.

Bankers Go To Jasper

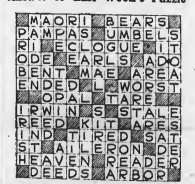

For the first time the annual convention of the Investment Bankers' Association is being held west of Winnipeg, when members of this association will gather at Jasper Park Lodge for their yearly conference.

Following this meeting the convention party will proceed over Canadian National lines to Vancouver, where they will be entertained by the British Columbia section of the organization.

Honesty Or Good Luck?

Honesty, or at least good luck, prevails in the Waldorf-Astoria, New York. For one hour, with scores of persons passing a fatted wad of bank notes, amounting to \$2,600, lay on the floor of the lobby untouched and unclaimed. F. H. Maguire, racing man, dropped the roll while on his way to lunch in the men's cafe. The money was in two \$1,000 and six \$100 bills.

Answer To Last Week's Puzzle

Sounds Note Of Warning

Britain Losing Supremacy On Seas Says Canadian Navy League

President

Sam Harris, president of the Navy League of Canada, after speaking of the Battle of Jutland, a contest on which depended whether the British Empire should continue or should go into the discard, sounded a note of warning. He took as his authority a British blue-book to show that Britain no longer was the premier sea-power of the world.

"According to records of the British Government," he said, "the 3,000 vessels which Britain had during the war have come down to 444, with 35 in process of building. The British empire has 18 per cent. less vessels than she had in 1914, and Japan is 75 per cent. weaker than the United States. I haven't said that Britain does not rule the waves. That test has not been made. God grant that it never shall be made. God grant that if it is made, Britain may yet be supreme on the sea."

"What is the situation in Canada? We are not doing anything. Can Britain lose her premier position. If she does, the empire goes to pieces. It began with the navy, and rose with the navy."

When Canada took her place in the empire's navy, he added, she would be doing what it was her duty to do—Report of Meeting in Toronto.

Is A True Britisher

Unknown Man Does His Share In Reducing British Debt To U. S.

A man born in England but who has lived in the United States fifty years, has sent his third contribution to three years to the British Government to be used toward paying the British debt to the United States. Winston Churchill, chairman of the exchequer, has sent him the thanks of the British Government. His contribution this time consisted of bonds worth £1,370.

Here Is What "The U. F. A."

The Official Organ For the Province
HAD TO SAY OF CAPT. SHAW,
Liberal Leader, As Late As September 15th, 1925

CAPT. J. T. SHAW

CAPTAIN SHAW

"The announcement that Captain Shaw, who has represented West Calgary in the House of Commons as an independent member for the past four years, will not be a candidate in the forthcoming election will be received with the deepest regret, not only in all parts of Alberta, but among forward-looking people throughout the Dominion.

"Capt. Shaw's withdrawal from public life would be a very serious loss to Canada. He made his mark in the last parliament, and he is recognized today as a parliamentarian of independent spirit and of outstanding ability and courage. He is one of a still small group of men in the federal sphere who have been paving the way for a real advance from the petty personal politics of today, to constructive and genuinely progressive statesmanship. His early return to public life will be hoped for by all who are familiar with his record of service in the parliament recently dissolved.

"Since the announcement of Mr. Shaw's intention not to be a candidate very great pressure has been brought to bear upon him in Calgary in the hope that he will reconsider his position. We trust that he may yet decide to allow his name to go before the electors on October 29th."

MARK YOUR BALLOT THROUGH

Do not be satisfied by marking No. 1 for your own party, but mark your second choice of the other two candidates.

MARKING YOUR SECOND CHOICE

In no way interferes with your first choice. Your first choice is not eliminated unless your candidate is the low man. If you "plump" for one candidate, it means merely that you make no second choice of the other two, if your candidate should be eliminated.

VOTE 1 For ARTHUR M. DENSMORE

THE LIBERAL CANDIDATE

If you have determined to vote No. 1 for another candidate, then vote No. 2 for the Liberal Candidate.

Inserted by the Liberal Association of Alberta.

Personal and Local

The Carnival Committee have bills out announcing a big dance in the Arena on Saturday evening of this week. Admission 50c.

Little Margaret Donaldson was the lucky person to get the box containing a two dollar bill at the Outlets Close Out Sale last Friday morning.
